

SAT TEST PREP JUNIOR & SENIOR YEAR TIMELINE

August 24, 2019

Rising seniors should make a dedicated commitment to practice this summer.

October 5, 2019

Rising juniors can prep this summer for the October PSAT/SAT.

October 16, 2019

All juniors should take the 10/5/19 SAT and the 10/16/19 PSAT.

Why should juniors take the October SAT and PSAT?

Students will get their SAT scores back in 2 weeks vs. 2 months (PSAT).

November 2 or December 7, 2019 SAT Exam

Juniors and seniors can take either of these exams.

March 14 or May 2, 2020 SAT Exams

Juniors should take the 3/14/20 National exam followed by the 5/2/20 exam as their final tests.

What if a junior is only in Algebra II?

It might not be a student's best math score, but the 10/5/19 exam will still be a good pre-assessment.

What about the Connecticut in-school exam?

Students should not make the in-school exam its first nor only test.

Reaching top test score potential means never underestimating the power of practice, persistence, and patience.
